

How to Find Textbook Information for 5 College Classes

Textbook information is provided by each school in their registration system on the school's website. For most schools, that is through the Registrar's Office, at Hampshire, TheHub. Details are below, but generally you need to search for a class and when you pull it up, then textbook information will be available, on the same page or as a link. Be sure you select the correct term.

Amherst College

To access Amherst textbooks, go to Course Scheduler, when a course is selected the word TEXTBOOKS is listed, by clicking on that, you will see the textbooks for the course.

https://www.amherst.edu/course_scheduler

Hampshire College

Go to thehub.hampshire.edu (no www) and click on Search for Classes. After choosing the term, you can click on the "Textbook Information" link to go to the Follett site for book prices. Additional information, however, may be contained in the course description, such as supplemental materials, lab fees, etc.

Mt. Holyoke College

<https://isis.mtholyoke.edu/isis/WebAdvisor?TOKENIDX=MHCHelp&SS=3&APP=ST>

To Search for a class in ISIS, click on the "Search for Classes" link in the black bar near the top of the screen, search for the course of interest, and then when you see a brief listing for the course, click on the course's day/time/location info (Meeting Information). This will bring you to a display of detailed information for the course, including Book Information as well as other info like the instructor's email address. Clicking instead on the course's title on the brief display will bring you to a display of the full course description, including any course fee info.

Smith College

<http://catalog.smith.edu/>

Search for a class in our online course catalogue. Once you do a search and clicks on a course, the link "View Textbook Information" will appear with the description of the course. The link takes you to Smith's bookstore website.

UMass

Five College students looking for this information for UMass courses will find this information in SPIRE. After selecting Search for Classes, perform a search, then click on the active link for a class and the information for Textbook/Other Materials is provided on the course description page.
